۰/۵

Pronunciation

نمره

41. Which number has strong **stress** on the first part? a) fourteen b) forty

Reading Comprehension

Read the text and answer the questions.

Sleeping is very important. In fact it is just as important as eating and exercising. If you don't get enough sleep, then you won't enjoy your day. Playing with friends, going swimming or playing games will not be much fun if you are tired. Recent researches show that six out of ten are tired during the day which means they are not getting enough sleep.

People of all ages need sleep, but different people need different amount. Babies sleep about twice as long as they stay awake. Young people need about eight to ten hours and older people need less than six or seven hours. However one person may need more than another if they are both at the same age.

42. What will happen if people do not sleep enough?

Choose the best answer

43. What is the main idea of this passage?

- a) doing exercise before going to bed
- b) sleeping is as important as other human needs
- c) not all adults need the same amount of sleep.
- d) playing with friends during the night

44. A recent research shows that _____.

- a) six percent of people sleep during the day.
- b) six percent of people are usually tired.
- c) six out of ten people aren't getting enough sleep.
- d) six out of ten people sleep during the day.
