**Make a correct sentence with disordered words:**

A: meet / you / going to / your / when / are / friend / old / ?

\_\_\_\_\_

B: think / around 8 / come / I / the train / will / .

\_\_\_\_\_

2

**E**

**Make questions with the given wh-questions.**

Mr. Smith will be at the airport after midnight.

Who \_\_\_\_\_ ?

Where \_\_\_\_\_ ?

When \_\_\_\_\_ ?

3

**F**

*Read the paragraph. Answer the questions.*

### ***Robots***

What can robots do? When will we have robots? Actually there are many different kinds of robots everywhere. These days we can make a lot of things with them. For example cars, motors, computers and many other things. We even have robotic nurses. They care of sick people in hospitals and clinics. Robots can keep our cities clean and safe. They can control traffic and help police officers, too. Cars are becoming robots, now. Many cars have GPS( Global Positioning System) on them. A car with a GPS system can help you find your way or some day in the future, will drive itself. Maybe you will sleep or read while driving. Will it happen some day? We will understand in the future.

A: What can we make with robots?

B: Can we use robots instead of nurses? Why?

C: How can drivers find their ways?

3

G

*Name at least 3 different usages of “will”. Give each one an example.*
