A dictionary is a very important tool for who is learning a new language , With a good one you can do the following ; you can look up the meaning of a word you see or hear ; to find a word quickly , you need to know the alphabet perfectly . For words with more than one meaning you should choose one makes more sense in the context ; checking the spelling and pronunciation are other facilities that a dictionary offers . Also , to check the plural of a noun , part of speech , or past tens of a verb is helpful . Likewise , a dictionary provides readers with synonym or antonym, collocations , and grammatical information about a word too . In sum , learning a new language is fun by the use of a dictionary .

37) What do we need to find a word in a dictionary ?
