..... ?

J. Read the passage and answer the questions completely. (2.5 points)

Our heart is really a muscle. It's located a little to the left of the middle of our chest. It's about the size of our hand with the fingers closed together. The heart sends blood around our body. The blood gives our body the oxygen and the food it needs. Our heart has two parts. The right part of the heart receives blood from the body and pumps it
